Objective

Aspiring Junior Flutter Developer and final-year Computer Science student with hands-on experience building real-world applications. Skilled in Flutter, Firebase, REST APIs, and responsive UI design. Built and deployed production-level apps that improved usability and performance. Eager to contribute to impactful mobile solutions and grow within a collaborative development team.

Education

Faculty of Computer Science and Information – Kafr El-Sheikh University
Bachelor of Science in Computer Science
Oct 2022 – Present
Expected Graduation: June 2026

Current GPA: 3.4 / 4.0

Experience

AI Prompt Trainer (Freelance)   Oct 2024 – Dec 2024

Outlier AI - Remote

- Trained AI models to better understand and respond to user prompts by evaluating outputs.

- Provided human feedback to enhance LLM performance and language accuracy.

Cross-Platform Mobile App Developer Intern   Jul 2025 – Present

DEPI – Remote

- **Soft Skills:** Improved teamwork, communication, and presentation skills through collaborative projects and freelance coaching sessions

- **Technical Skills:** Built cross-platform mobile apps using Flutter, with focus on API integration, Firebase, and responsive UI design

Volunteer Mobile App Developer   Jun 2025 – Present

Kafr El-Sheikh University – Faculty Project

Collaborating with a student team to develop a quality management mobile app using Flutter. Contributing to UI design, code structure, and progress presentations during meetings.
